

ALLEY SIDE VIEW

GARDEN SIDE VIEW

GARDEN

PLAN VIEW

v1.1

This minimalist structure is suited to a 1-car household: it simply keeps the car sheltered, provides a secure storage/work room, and intrudes as little as possible on the garden. A permeable gravel patio accommodates occasional guest parking. A green roof covers the low-slope portion, and the rainscreen siding provides easy attachment for vining and climbing plants.

Key Legend

- 1 Parking space
- 2 Permeable paving
- 3 Storage area
- 4 Overhead door
- 5 Rain barrel
- 6 Parking space [guest]
