

ALLEY SIDE VIEW

GARDEN SIDE VIEW

GARDEN

PLAN VIEW

v2.2

If you're squeezed for space, go up! This 2-car version provides a rooftop patio and garden. Like v2.1, the garden side is a trellis rather than solid wall. The alley side parapet is high enough to provide privacy, while the cable railing allows maximum visual connection to the house and garden.

Key Legend

- 1 Parking space
- 3 Storage area
- 4 Overhead door
- 5 Rain barrel
